

TEACHING EVALUATIONS FALL SEMESTER 2023

Attached is the report for your Fall 2023 course. The report reflects the policy and procedures published in the Faculty Handbook, Section II-8, pages 13-15.

Presentation of Data

This report provides the average values of all individual questions, including any items supplied by the instructor (items 1.14-1.18). The top of page one shows a legend to help you interpret your data. There is no single overall summary of the individual items.

The second part of this report contains a histogram which faculty requested to help visualize results. The third section contains a profile of responses for the course. And finally, the report reproduces the written comments provided by students.

Maintenance of Data

Student feedback for Fall courses is uploaded to eDocs and maintained in a faculty member's personnel file in the Provost's Office.

Use of Data

While we are pleased to present these reports on how your students perceived your course, you will want to remember that the Faculty Handbook language says ..."evaluation of faculty members' overall teaching effectiveness should always be considered in relation to at least one other form of teaching evaluation including teaching portfolios, peer evaluations, and other devices." For help in developing additional methods to evaluate your teaching, contact the Center for the Advancement of Teaching and Learning.

Comments Report

3. PART 3: INSTRUCTIONS: Your constructive feedback on the following items is appreciated. If your instructor added an item for 3.3, please respond to that item also.

3.1) Comment on aspects of the instructor's teaching style that helped the learning process.

- Doing problems together in class
- Having notes and the amount of time between homework that was given.
- I like how enthusiastic he is about the subject. It really makes me want to learn more.
- Professor Chakravarty was very organized and provided a learning environment where goals were clearly set.
- Very enthusiastic which made me more alert in class
- Very good teacher and organized
- Very passionate, great teacher, cares for students. He understands other commitments and assignments in other classes, and is very helpful with extensions.

3.2) Comment on aspects of the instructor's teaching style that could be improved upon to help the learning process.

- Ask more questions of students to increase engagement
- I have nothing for him to improve on. Professor Chakravarty was by far the best professor I've ever had at Elon University.
- I think he should try to engage with the class more. I think he started with this a little late in the semester which is why the students are not very interested in engaging. It would help with our understanding with the subject too.
- Make it more interactive so the students are engaged in the class and spread the notes out better and more organized.
- More organized PowerPoints
- N/A I think he does everything right.
- more group work
