### Spring 2020 Course Feedback Form

What are some of the major strengths of the course?

- It helped further my understanding of economics
- The way that it was taught
- There were no major strengths to the course, but there was a benefit of having Dr. Sarbaum's lecture powerpoints available to everyone.
- Weekly worksheets

What are some of the major opportunities for improvement?

- Could not understand the teacher our professor assigned to our class.
- Review my notes before class
- This course would benefit greatly from a complete restructuring of the curriculum. The recitation class was not beneficial to my understanding of the materials and the lecture class was too vague, leaving out key points of the lesson that would later be important in the recitation.
- after hours tutoring
